GLX⁺

SPECIMEN COLLECTION SWAB

A reliable sampling solution that ensures safety, accuracy, and efficiency.

SAFETY

Closed-system design, easy to use, and minimizes risk.

ACCURATE

Ultra-fine flocked tip for optimal sample collection and release.

EFFICIENT

Convenient and fast, suitable for a wide range of testing applications.

PRODUCT FEATURES

HIGHLY ABSORBENT SWAB

Nylon flocked swab with high absorbency, designed for efficient sample collection and patient comfort.

SAFE & GENTLE DESIGN

The built-in stop feature helps prevent over-insertion and reduces the risk of injury.

EASY TO USE

User-friendly design for quick, convenient and time-saving sample collection.

QUALITY ASSURED

Manufactured in a controlled environment to ensure consistency, reliability and high quality.

APPLICATIONS

VIRAL TESTING

For detection of respiratory viruses including influenza, COVID-19, RSV and more.

MOLECULAR DIAGNOSTICS

Suitable for DNA/RNA collection and molecular testing.

SCIENTIFIC RESEARCH

Widely used in laboratories for sample collection and quality control.

HOSPITALS & CLINICS

Ideal for use in hospitals, clinics and healthcare centers for daily diagnostic needs.

INSTRUCTIONS FOR USE

1 Open Package

Open the pouch and take out the swab.

2 Collect Sample

Gently swab the target area (throat, nasal or other sites) and rotate 2-3 times.

3 Insert & Break

Insert the swab into the transport tube and break the shaft at the breakpoint.

4 Cap & Transport

Cap the tube tightly, label the sample and send to laboratory for testing.

TECHNICAL SPECIFICATION

Swab Tip Material	Sponge
Handle Material	Plastic
Swab length	10cm
Breakpoint	Yes
Sterilization Method	EO
Packaging	1pc/plastic-paper bag
Shelf life	5 years

WHY CHOOSE GLX+?

- ✓ Meeting international quality standards (ISO 13485, FDA, Sterile EO)
- ✓ Exceptional sample collection performance, high absorption
- ✓ Sterile packaging ensuring absolute safety
- ✓ Compatible with various tests and applications
- ✓ OEM manufacturing according to requirements

GLX+ 5-LAYER COTTON PADS (6X8)

Box: 130mmx108mmx60mm
Size: 6x8cm

100% natural cotton
100 pcs/box

Made from 100% natural cotton, soft and gentle on the skin. 5-layer structure provides excellent absorbency and helps reduce product waste. Lint-resistant and durable during use. Ideal for makeup removal, toner application, and lotion masks, suitable for all skin types.

GLX+ 5-LAYER COTTON PADS (6X6)

Box: 130mmx108mmx60mm
Size: 6x6cm
